8. Satisfactorily complete a criminal history check.
9. All work performed shall be in alignment with the philosophy of the local DHS office and in keeping with the mission and values of DHS.
10. Valid driver's license and proof of insurance.

Preferred Requirements:

1. Bilingual in English and Spanish
2. At least 1 year paid employment as a treatment counselor or working with substance use individuals.
3. At least 1 year of paid employment working with DHS Child Welfare workers, staffing, collaborating and understanding DHS protocols.
4. Experience presenting SUD's information with a power point training to DHS workers and RN staff.
5. AS degree preferred and or CADCCII.

Skills & Abilities:

1. Knowledge of alcohol and drug addiction and detoxification; community Resources, recovery programs and ability to understand and review UA'S.
2. Perform tasks quickly and accurately, communicate clearly, concisely, effectively orally and in writing.
3. Ability to collaborate and consult with Oregon Department of Justice, consortium members and judges regarding clients in an articulate and professional manner.
4. Work well with parents and children of diverse backgrounds.
5. Work independently and as a team member.
6. Ability to function in crisis situations.

Duties:

1. Participate in multi-disciplinary treatment planning with each DHS-referred family; work in collaboration with Addiction and Recovery Team members and other professionals involved with the family.
2. Develop an initial service agreement with family that outlines service and treatment goals and expectations; refer families to the most appropriate and accessible alcohol and drug treatment facility and develop sobriety plans with DHS- referred clients awaiting formal treatment.
3. Administer screenings based on ASAM criteria.
4. Facilitate pre-treatment groups weekly for clients awaiting treatment.
5. Monitor progress of DHS-referred clients in alcohol and substance abuse treatment programs; act as a liaison between treatment providers and the ART team; receive discharge summaries when DHS-referred clients terminate treatment and work with DHS-referred families and the ART to enact a plan to prevent relapse.
6. Maintain follow-up contact with DHS-referred clients and DHS-assigned caseworkers to assist with relapse intervention as negotiated in the family's service agreement.
7. Participate in periodic staffing and weekly ART meetings, Accessing Success weekly team meetings, and Relief Nursery monthly all-staff meetings.

8. Provide alcohol and drug information and consultations to DHS-referred families and service participants as requested by DHS; provide consultations to ART members about substance abuse issues.
9. Participate in Child Safety Meetings (CSM) on all DHS-referred ART clients; provide consultation to DHS staff.
10. Complete all outcome data requirements, forms, and reports requested by DHS & the Relief Nursery.
11. Perform other duties as assigned by DHS and/or Relief Nursery supervisors.
