Overview

Relief Nursery provides comprehensive family support services that are easily accessible to families who are raising children birth through five years of age and who are experiencing high levels of stress. We provide early intervention that centers on building successful and resilient children and strengthening parents. Our staff work as a team to provide a unique array of support, from therapeutic classrooms and outreach programs, to parenting education, child and family therapy, substance use disorder recovery support and more.

The position of Therapeutic Early Childhood Program (TECP) Supervisor is a unique opportunity to support Teacher/Home Visitors and Child Development Specialists (CDS) in providing developmentally appropriate and therapeutic early childhood classroom experiences as well as in-home family support services.

The Supervisor supports Teacher/Home Visitors and CDS's in their role integrating children's individual and group goals; physical environment; routine; curriculum; classroom relationships; screening/assessment; readiness to learn standards and individual family issues to ensure therapeutic, developmentally appropriate experiences for the children.

The Supervisor also supports the Teacher/Home Visitor and CDS's with home visiting that fosters parent-child attachment; providing support and information for parenting; supporting the child's development and well-being (including safety); enhancing problem-solving skills; reducing and ameliorating barriers and enhancing protective factors.

The Supervisor may also provide support and oversight to positions such as the transportation coordinator; food services coordinator, classroom assistants and substitute teachers.
